2022 IMPACT REPORT

HONOR HER SERVICE | EMPOWER HER FUTURE

MISSION, VISION, AND VALUES

Foundation for Women Warriors exists to serve women veterans and their children so that their next mission is clear and continues to impact the world. Our programs prevent homelessness and enhance the personal and economic wellbeing of women veterans and address the growing needs of the increasing population of military women transitioning to civilian life.

We envision a world in which the service of every woman veteran is honored, and she can achieve the quality of life she fought for.

"WHILE WE TAKE STOCK OF OUR SUCCESS IN THIS YEAR'S IMPACT REPORT, WE REMAIN KEENLY IN TUNE WITH THE CHALLENGES THAT LIE AHEAD."

Dear Warrior Family,

First and foremost, thank you for your steadfast commitment to our women veteran community. You have played a vital role in ensuring the service of the women who answer our nation's call is truly honored and that these veterans are empowered to achieve personal and professional success post-military.

Nearly 6 years has passed since our rebrand and restructure here at Foundation for Women Warriors. As we reflect upon those years, I am truly in awe of how much we, together, have accomplished during this time and especially in this past year.

While we take stock of our success in this year's impact report, we remain keenly in tune with the challenges that lie ahead. Our veterans are dealing with the long-existing transition challenges, lingering impacts of the pandemic, inflation, and looming threats of a recession. Our programs allow women veterans to thrive in spite of these obstacles.

It is truly your support that allows us to solve the problems of today, and proactively address tomorrow's issues.

On the behalf of our team, board, and the women veterans we serve, Thank you!

With gratitude,

Jodie M. Grenier
USMC Veteran
Chief Executive Officer
Foundation for Women Warriors

PROGRAMS AND INITIATIVES

FINANCIAL MANAGEMENT

Through our Financial Assistance Programs, FFWW helps women veterans alleviate financial hardship by offsetting critical costs and equipping our veterans with the knowledge and tools to provide a stable financial future for their families.

Our partnership with Prudential Pathways provides financial wellness webinars focused specifically on the challenges faced by our women veteran community. Sessions cover critical topics like building a budgeting and emergency savings plan and planning for retirement. These webinars were made available nationwide and attended by women veterans from coast to coast.

★

PROGRAMS AND INITIATIVES

WAREHOUSE DISTRIBUTIONS

In response to the increasing need within our women veteran community we doubled our warehouse space and thanks to our generous community, our shelves were filled with household essentials ranging from diapers and wipes, clothing, household supplies and kitchen utensils.

Our Warehouse Distributions provide women veterans with the essentials free of charge, further helping to offset the rising costs such as rent and utilities. Since opening our warehouse, our distributions served over 600 veteran women and children, provided essential resources for their families, and served as a warm introduction to our financial assistance programming for new clients.

★

PROGRAMS AND INITIATIVES

CONNECT WITH COMMUNITY

Upon transitioning out of the military, many women veterans report they lack a professional network and often do not feel part of a community. Our Connect with Community program is dedicated to establishing a sense of sisterhood through interactive personal and professional development workshops and events.

In April 2022, women veteran participants met via Zoom and in person for three days of personal and professional development, connecting with fellow military women as well as our partners at HP, Google, Accenture, and many more. Sessions focused on negotiating salary, communicating strengths, and translating military experience. Following our CWC workshops, FFWW launched “Summer of Self Care” meditation, mindfulness, and self-advocacy personal development sessions led by Dr. Shayna Kauffman. These sessions equip women veterans with the tools to enhance their resilience and overcome the stress associated with making the military to civilian transition.

★

PROGRAMS AND INITIATIVES

LEGISLATIVE INITIATIVES

While we provide critical programming to enhance the personal and economic wellbeing of women veterans, we simultaneously work to improve the post-military transition for the next generation of women veterans. Over the past several years FFWW has:

- Delivered Congressional testimony on the behalf of women veterans' economic and transition wellbeing twice resulting in:
  - Increased funding for homeless veterans with dependents in H.R. 8247 (116th): Veterans COMPACT Act of 2020 that was then signed into law in December 2020.
  - The introduction of the Transition Improvement by Estimating Risk Act, to determine service member transition pathways based on new criteria such as childcare needs, the employment status of other household members, the servicemember's duty station location, the effects of operating tempo and personnel tempo on the servicemember.
- Advocated for and received approval from the California Department of Veteran Affairs and the California Department of Motor Vehicles to issue the first state of California women veterans license plate decal (currently pending production and delivery).
- Delivered virtual documentary screenings nationwide mobilizing support to finally recognize the women veterans of 6888th with a Congressional Gold Medal.
- Assisted in the renaming of the San Diego VA Medical Facility to honor Army Captain Jennifer Moreno who during Operation Enduring Freedom was killed in action.
- Provided Department of Veteran Affairs Secretary McDonough with feedback on how to further improve VA services for women through anonymous feedback from our women veterans' survey.

★

KEY FINDINGS

Despite the impacts of the pandemic, our veterans reported significant improvements in their stability following program intervention:

94%

of financial assistance clients remained in their homes for at least 6 months

97%

of financial assistance clients remained employed OR enrolled/remained in degree programs

OUR IMPACT

"I'm truly forever grateful for the foundation... it has helped so much in my most needed time. You helped me keep my kids in care and gave me the ability to go back to work! Thank you, thank you so much."

- Navy Veteran, Childcare Assistance Recipient

"I don't know what I would have done without your support. Doing it all on your own is hard but having the financial support and education to get started on the right foot with my second child is a huge relief for our little family."

- Marine Veteran, Baby Shower and Financial Education Attendee

"Thank you all so much! I am so grateful for the help to get me through this rough patch but also for helping me create a plan to save. If you didn't help me, I would have had to choose between paying for car repairs or paying for rent and that's a scary feeling. Thank you so very much!"

- Air Force Veteran, Financial Assistance and Warehouse Distribution Recipient
